

Mandatory Massachusetts Annuity Training 2017

In order to sell any type of Fixed Annuity in the State of Massachusetts, you must take the 4 Hour (one time) Mass. Training Course.

If you have taken the training course for another state, it may be reciprocal with Mass., please call or email Liz Clarke (liz@meritins.com) to confirm if your training is acceptable, **BEFORE** you write an application. You can find the annuity training link on the majority of online CE vendors; if you need assistance finding a vendor, call or email Liz or your marketing rep.

Thank you, again, for your Annuity business. 2016 was another record breaking year for MERIT and we're looking forward to a very successful 2017 with you!
